

# BICYCLES

ŠkodaOriginal Accessories®

## BICYCLES AND ŠKODA

The history of Škoda Auto is inseparably linked with bikes and sport, and the return to pedal machines expresses our outlook towards an active, healthy lifestyle. Since 2002 we have been working in collaboration with the renowned Czech manufacturer of the Author brand of cycles. For the 2006 season, the result of this cooperation is an extended range of bicycles as part of Škoda Range of Original Accessories.

Everyone can find a bike to suit, from small children to those who enjoy a comfortable ride across gentle terrain, through to the "off-roader" who sees almost any type of terrain as a challenge! Our summer collection does not lack road bikes either, our strongest link to the "Old Lady", as the most famous stage cycle race in the world is sometimes called - the Tour de France.

## ŠKODA AND TOUR DE FRANCE

As a major European firm, Škoda Auto cannot stand on the sidelines of great social and sporting events, and sponsoring the famous Tour de France cycling race is one of the events we enjoy most. Our connection with the Tour de France has become a tradition, and every year Škoda Auto has had the opportunity to reflect on how it all started, 111 years ago. It was then that Mr. Laurin and Mr. Klement founded a small bicycle factory in Mladá Boleslav, and over time this gradually grew into a large car manufacturing plant.

So whilst you think about this yourself, why not also think right back into the saddle and behind the handlebars of our bike? After all, the bike came first, followed by the car, isn't that right?!

ROAD

RS

SPEEDRIDE

RS

The racing road special SpeedRide is the top of our bicycle range. Light durable frame is reinforced with built-in carbon in the rear sections and carbon in the front fork. The bike design has been tuned in a sporting spirit and this "jet with pedals" is equipped with a 20-speed Shimano Ultegra set and quality Ritchey Pro and WCS components.

**weight** 8.35 kg/560 mm | **frame** Columbus Airplane dural/Aero carbon | **forks** Author carbon/dural | **derailleur** Shimano Ultegra (20) | **shifter** Shimano Ultegra | **crankset** Shimano Ultegra, 53-39, 172,5/175 mm crank | **brakes** Shimano Ultegra | **front rim** Ritchey Pro DS 20-hole | **rear rim** Ritchey Pro DS 24-hole | **tyres** Panaracer Stradius Extreme Kevlar, 700C x 23 | **saddle** SelleSanMarco ERA K - Škoda design | **size** 540 mm (MBA006 601), 560 mm (MBA006 602), 580 mm (MBA006 603)

ROAD

**ar**

**activeride**

The ActiveRide is part of a range of fitness bikes. It combines the lighter weight and speed of a road special with the seating comfort and gear range of a cross model. The profiled durable frame emphasizes the overall dynamism of this cycle, while the components offer high quality at an attractive price.

**weight** 10.26 kg/560 mm | **frame** Aero dural | **forks** Aero dural | **derailleur** Shimano R440, straight handlebars (27) | **shifter** Shimano Tiagra | **crankset** Suntour SP Comp 52-42-30, 172,5/175 mm crank | **brakes** Tektro 521AG | **front rim** Alex R450 32-hole | **rear rim** Alex R450 32-hole | **tyres** 700C x 25 | **saddle** SelleSanMarco ERA K - Škoda design | **size** 540 mm (MBA006 501), 560 mm (MBA006 502), 580 mm (MBA006 503)

MTB

**XC**

**CROSSCOUNTRY**

The CrossCountry model is a top-of-the-line mountain bike using the magnesium, lockable air forks Manitou R7 Super, the Easton Ultralite durable frame, Kevlar tyres, hydraulic disc brakes and Shimano XT components. Thanks to this equipment, this model will satisfy even the most demanding cyclists.

**weight** 11.65 kg/19" | **frame** Easton Ultralite dural 26" | **forks** Manitou R7 Super, lockable oil (80 mm) | **derailleur** Shimano XT (27) dual control | **shifter** Shimano XT Classic | **crankset** Shimano XT, 44-32-22, 170/175 mm crank | **brakes** Shimano M765 hydraulic disc, 6" disc | **front rim** Ritchey Girder Pro OCR 32-hole | **rear rim** Ritchey Girder Pro OCR 32-hole | **tyres** Panaracer Rolling Stone Kevlar, 26" x 2,00" | **saddle** SelleSanMarco ERA K - Škoda design | **size** 17" (MBA 006 401), 19" (MBA 006 402), 21" (MBA 006 403)

MTB

**TR** *TERRAINRIDE*

The mountain bike TerrainRide, with Shimano LX shifters and in combination with a Shimano Deore dual control derailleur, introduces reliable equipment for sports rides in any terrain. The Manitou Axel Platinum oil forks with 80 mm lift takes care of the rider's comfort, including the lockout option.

**weight** 12.70 kg/19" | **frame** Columbus Zonal dural 26" | **forks** Manitou Axel Platinum, lockable oil (80 mm) | **derailleur** Shimano Deore (27) dual control | **shifter** Shimano LX Classic | **crankset** Shimano M4408, 44-32-22, 170/175 mm crank | **brakes** Shimano LX | **front rim** Ritchey Girder Comp 32-hole | **rear rim** Ritchey Girder Comp OCR 32-hole | **tyres** Panaracer Rolling Stone 26" x 2,00" | **saddle** SelleSanMarco ERA K - Škoda design | **size** 17" (MBA006 301), 19" (MBA006 302), 21" (MBA006 303)

CROSS

**FR**

**FUNRIDE**

The FunRide is a quality cross bike designed for recreation rides along paved and unpaved tracks. The bike is equipped with a Shimano Revoshift derailleur (24 speed), a comfortable Author Ergo Gel saddle, ergonomically shaped handlebar and also modernised RST cross forks.

**weight** 13.20 kg/20" | **frame** dural 700C hexagonal | **forks** RST CT-COMIII T6 (40 mm) | **derailleur** Shimano Revoshift (24) | **shifter** Shimano Alivio | **crankset** Suntour XCC-308, 48-38-28, 170/175 mm crank | **brakes** Tektro 57AL | **front rim** Alex Ace-18 black 32-hole | **rear rim** Alex Ace-18 black 32-hole | **tyres** Panaracer Silk Road Cross, 700C x 35 | **saddle** Author Ergo Gel | **size** 18" (MBA006 001), 20" (MBA006 002), 22" (MBA006 003)

JUNIOR

**JUNIORRIDE**

The children's bike, JuniorRide, is designed for children around 100 to 140 cm in height, or in age from 5 to 8. The bike consists of light durable components and offers, for example, a 6-speed Shimano Revoshift derailleurs, lightened cover and comfortable Author Race-Colour saddle.

**weight** 9.50 kg/11" | **frame** dural 20" | **forks** Cromoly | **derailleur** Shimano Revoshift (6) | **shifter** Shimano TY-18 | **crankset** Prowheel 40, 152 mm crank | **brakes** Artek | **front rim** dural 36-hole | **rear rim** dural 36-hole | **tyres** 20" x 1,75" | **saddle** Author Race-Color | **size** 11" (MBA006 400)

Your authorised Škoda Retailer:

All Škoda bikes come part assembled and will require the services of a qualified bicycle mechanic to complete the assembly process. Škoda recommends that all bikes are fitted with filament bulb lights at the front and rear if used on the public highway in the hours of darkness. Škoda also recommends that all cyclists wear an appropriate helmet.

The information on technical specifications, design, equipment, materials, warranties and external appearance relates to the time when the leaflet was put into print. The manufacturer reserves the right to make a change (including a change in technical specifications). On your request, your authorised Škoda partner will provide you with more detailed information concerning the standard and optional equipment, the current prices, the terms of delivery and the delivery times.
